

MESSAGES IN A MIRROR

If I write the name of the place where I live and I horizontally place a mirror opposite it, I will see its reflection: I copy its image in the mirror. You can only read it with a mirror:

ASTURIAS

Now, if I copy in a sheet of paper the image of the mirror, when placing the mirror on this drawn image, I will be able to read in the mirror the name of the place where I live.

SAIRU᠒A

This way, I can easily write messages that can only be read with a mirror. Read my message with your mirror.

Read my message with your mirror:

PARA QUE YO LO LEA CON MI ESPEJO
 CONTESTA: SI O NO Y DIME TU NOMBRE
 ¿TE HAN GUSTADO LAS MATE? DEG ESPEJO?
 (1) To be able to read it with my mirror, answer this: Yes or no and tell me your name. Have you enjoyed the Maths with the mirrors?

YOU WILL NEED:

A mirror, a pencil, the sheet with the activity and a quarto
