

WITHIN THE MIRROR

Now you are going to play to pretend to be within a mirror.

To begin with, put yourselves in pairs looking at each other. One of you is going to move as if you were opposite a mirror, and your mate is going to move as if he was your image within the mirror.

When the one who is outside the mirror makes a movement, his mate (that is within the mirror) makes the movement that its image would make there.

◆ **Ready!, Go!:**

(clap): **raise your right hand.**

(clap): **one step back.**

(clap): **shake hands with your image in the mirror.**

(clap): **lean your head on your right shoulder.**

.....

◆ Now change places: The one within the mirror goes out and the one outside goes in.

◆ **Ready!, Go!**
