

LOOKING INTO A BOOK OF MIRRORS

In the country of the mirrors there are also magical books: without letters, title..., without pages. Only beautiful covers that when opening them show us two mirrors that look at each other.

Put the book of mirrors in such a way that between its two pages all the drawing is placed, or only a part of it, it is up to you. Open and close its pages, put the book on any other part of the drawing...

... Magic starts!

✍️ If you want, **do and color your own drawing** (not necessarily very complex, the magic of the book is enough).

YOU WILL NEED:

A book of mirrors and colored pencils.
