

TRIANGLING TRIANGLES

In this activity you are going to work with the 8 different triangles available in the geoplane 3x3. You will surely have found these two triangles:

Well, with these two triangles, placed in different ways and using as many you need of each type, **you must complete** each one of the 6 remaining triangles, like in a puzzle.

Here you have an example:

YOU WILL NEED:

A geoplane 3x3, elastic bands, pencil, and the worksheet with the activity
