

## THE TOWERS OF HANOI -5

### The Star of Wisdom

*'Behind the fifth door it is the Star of Wisdom: only with its guide you will be able to undertake the long and dangerous voyage to the country of knowledge.'*

But before, you will have to calculate:

~~☞~~ The **minimum number** of movements that the priests will have to make to transfer the 64 disks from the initial tower to the third one.

~~☞~~.. and know the **sacred number** of years that the God Brahma set for the world, taking into account that the priests take 1 minute in making each movement.

**YOU WILL NEED:**

A pencil, a calculator and a blank sheet.
